BP on tour in London.*

# #BPTEST ON TOUR

Camden Market, Soho, Shoreditch, the City - all over London we found people ready to test BP. Spontaneously, honestly, authentically.

*"Perfect  
for my streetfood stall.  
I'm never going to freeze again!"*

(Milan with BP® Soft-shell jacket 1868)

(Yannik with the BP® Men's shirt 1563 and the BP® Bar apron 1901)

(Taner with the new BP® Men's comfort short-sleeve chef's jacket 1599)

London. A hotspot of international cuisines - a unique concentration of restaurants, takeaways, snackbars, pubs and street food. Whether healthy, vegan, kosher, gluten-free or exotic, London's food scene is dynamic, experimental and extremely diverse. And it can, of course, be experienced around the clock.

July 2017. A BP team is on a mission to ask chefs, waiting staff and bartenders their personal opinion about BP clothing. In their bags, they have the new BP GOURMET collection. The result is a BP TEST trip for all the senses.

*"Crazy about quality.  
Just like me."*

(Hamed with the new BP® Chef's jacket 1597 and BP® Bib apron 1970)

*"This jacket's really comfortable.  
It feels like a polo shirt!"*

(Chloe with the new BP® Women's comfort short-sleeve chef's jacket 1598)

*"A chef's jacket with stretch in the back? I can keep it, right?"*

(Fabrizio with the BP® Chef's jacket 1565)

Warm evening. Discerning guests.

**YOU GIVE YOUR ALL.**

Eateries like "Bikers Shed" or "Ghetto Grillz" transform burgers, spare ribs and chips into authentic culinary experiences. Bikers and city workers, night owls and families all sit at the tables and bars, watching over the chefs' shoulders as they cook. What we want to know is what will these

chefs think about our work clothing from Germany? The spontaneous feedback is positive – because fit and function are immediately perceptible and the look is a perfect match for the restaurants' cool, relaxed feel.

*"I look good, even when I'm covered in flour: now I can make a mess in style!"*

(Santiago with the new BP® Bib apron 1970)

TAKE THE  
**BP TEST**  
#BPTTEST

From foreign parts. At home here.

# MIGRATION FOOD

*"The best thing is I don't even notice the jacket. Extremely comfortable!"* (Taner with the new BP® Men's comfort short-sleeve chef's jacket 1599)

Camden Market – a melting pot of different nationalities. Countless food stalls, an almost indescribable blend of aromas, impressions and colours. And chefs from all over the world who obligingly test our latest BP collection with good humour. We returned the favour – and eagerly sampled a thousand different dishes...

Lunch time. Every table's taken.

# TIME TO TRY ON SOME CLOTHES.

*"I'm on fire!"* (Alessandro with the new BP® Comfort chef's jacket 1595)

*"Yes, I really like it!  
I can move freely – even when serving  
my guests at their tables :-)."* (Flame with the new BP® Bib apron 1970)

Everyone the BP team meets in the kitchens and all the waiting staff are helpful, relaxed and friendly. And they all enjoy trying on the new collection. Even when things get particularly busy – for BP the best test, of course!

The items generally exceed expectations. Whether as a result of the freedom of movement, functional details, fabric or just because they look cool. Everyone's spontaneous reaction was positive. Top marks for BP!

Flame doesn't hesitate for a second to show off the new BP outfit to her customers.

*"It's from Germany, isn't it?  
Buona qualità!  
Just like my cappuccino: made  
with experience and passion..."*

(Andrea with the new BP® Bib apron 1970 and the BP® T-shirt 1714)

Lots of customers. Lots of stress.

# REASON ENOUGH FOR GOOD SPIRITS.

TAKE THE  
**BP TEST**  
#BPTEST

In extremely good spirits, Andrea tells us about the art of perfecting apparently simple things like an espresso or cappuccino on a daily basis. His reward: lots of regular customers whom he welcomes like friends. And he apparently makes great cocktails too...

(Sebastian with the new BP® Stretch chef's jacket 1597)

Completely vegan. No gluten.  
**SURPRISINGLY  
 MOREISH.**

Sustainable, clean food is a huge trend in London's streetfood stalls and restaurants. The focus is on traceable food products that are freshly prepared. The BP team tried lots and everyone agreed: the dishes were interesting, sometimes with an exotic taste, but always delicious!

*"This jacket is chic and makes a really professional impression. I'd wear it all the time!"*

(Jaroslav with the BP® Men's chef's jacket 1593)

Hotspot. Metropolis.

# AND LOCALLY SOURCED VEGETABLES.

More and more foods in London's markets are being produced on the farms around the capital. Environmentally-aware foodies are increasingly demanding locally sourced ingredients with traceable origins. The restaurants and food stalls are more than happy to oblige, devising menus rich in local, seasonal foods. However, the cool, damp climate is always on the menu too. So it's not surprising that people in the markets loved our GOURMET jackets and didn't want to take them off...

(Milan with BP® Polo shirt 1712 and the BP® Bib apron 1970)

*"Let me keep the jacket!  
It's just the job for  
the London weather!"*

(Robert with the new BP® Men's fleece jacket 1694)

# You can rely us.

**A passion for quality. An eye for detail. And the perfect fit. These are the attributes that unite us.**

**We make clothing for people like you who identify with their work and who give their best every day.**

BP offers work clothing solutions to suit every situation. Clothing that will help you keep your cool when work gets intense. Clothing that fits the bill when you have to multitask and need practical pockets in the right places. And clothing that, quite simply, makes you look good.

Maximum freedom of movement combined with practical and clever details. Clothing with functions designed to meet the demands of your everyday life. With optimum wear comfort and innovative designs and colour schemes.

Our fits are the result of many years of development work, lots of one-to-one discussions with our customers, expertise and a great deal of creativity.

And this is exactly why the BP collections offer you the combination of a perfect fit, modern design and great materials. Or, to put it simply: the perceptible difference that you can always rely on.

**See for yourself - do the BP test!**

**BP fits: for every figure.**

Whether you prefer fitted items or clothing with a more relaxed cut, BP has something for everyone. Most importantly, our clever designs and use of highly functional materials guarantee freedom of movement.

**BP design: modern and always utterly professional.**

It's our attention to detail that helps make your everyday life easier, such as the ergonomic cut or the BP arm-lift system that allows you to reach up without worrying about exposing your stomach or back. Or a new slit at the hem of our aprons enabling you to take large steps. Many of these ideas have been developed with professionals like you, ensuring that they are precisely tailored to your needs.

**BP materials: high-tech and comfortable.**

Breathable, elastic and lightweight. We use new, innovative materials that offer you the best possible support in your work. They are particularly comfortable, durable and, of course, easy-care.

**BP colours: variety to match your creativity**

Our range of colours is as diverse as your creativity. New colours that are evocative of spices and fruits bring a breath of fresh air to your look and will help you to stand out. As well as aprons and t-shirts, we can also supply jackets that are perfect for working outside.

We are a member of the FAIR WEAR FOUNDATION multi-stakeholder initiative. The aim of the FAIR WEAR FOUNDATION is to improve working conditions for people employed in the international clothing industry. We have now been named Fair Wear Leader four times in succession.

For more information, go to [www.fairwear.org](http://www.fairwear.org)

We participate in the Fairtrade Cotton Program. This program enables small-scale farmers to sell more of their cotton as Fairtrade. In 2017, as part of the Fairtrade Cotton Program, we purchased 10% of our cotton under Fairtrade conditions.

For more information, go to [www.info.fairtrade.net/program](http://www.info.fairtrade.net/program)

We are a member of the Partnership for Sustainable Textiles. This governmental initiative aims to uphold social, ecological and economical standards throughout the production and supply chain in the clothing industry.

For more information, go to [www.textilbuendnis.com](http://www.textilbuendnis.com)

Our product stewardship also means that BP products are harmless in terms of human ecology. That is why all BP products are tested for harmful substances, and most are certified in accordance with Oeko-Tex® Standard 100.

Some suppliers are bluesign® system suppliers. This label eliminates harmful substances right from the beginning of the manufacturing process, and sets and controls standards for an environmentally friendly and safe production.

In 2017, our Tunisian subsidiary Vetra received STeP certification by Oeko-Tex®. By analysing all relevant company areas, such as chemicals management, environmental management, occupational health and safety, social responsibility and quality management, STeP certification provides a comprehensive and reliable indicator of a production company's approach to sustainable management.

# RESPONSIBILITY.

“ We create sustainable values for the people who work with us. Economic success equips us for the future. We stand for fair working conditions and use natural resources responsibly. ”

Basic principle 5 of the BP identity

We care about people and the environment. This is why we believe in sustainability, a principle that is inextricably linked to the quality standards that we impose on ourselves. As a seventh-generation family business we know what it means to build the future. We ourselves have control over the ideals, visions and world that we leave to our children. As a company, we accept our responsibility and create sustainable values for the people who work with us.

For the sake of the environment, this catalogue was printed on 100% recycled paper.

## >> Our trainees ask, Ute answers:

**Niklas:** What does responsibility mean for BP and for you as the person in charge of quality and sustainability?

**Ute:** For us, sustainability means harmonising economy with social and ecological considerations the best way we can throughout the supply chain. Our aim is to create transparency and to ensure that our products are manufactured under fair working conditions and that we use environmental resources responsibly.

**Johannes:** Why is sustainability so important? How significant is it at BP?

**Ute:** We are an owner-run family business. Creating sustainable values is very important to us. Working sustainably and responsibly includes the manufacture of our clothing. This starts with fair cotton production. This is why we work with recognised institutions, such as the Fair Wear Foundation or Fairtrade. In this way, we create transparency – the basis for a continuous improvement process.

**Johannes:** Where do you see challenges in sustainability management?

**Ute:** There's no question about it, sustainability demands persistence and also takes a great deal of effort. In some countries, the laws and

requirements regulating manufacture are less stringent, and monitoring is sketchy. So consistent management is needed. Sustainability is not a fad that just sounds good. It has to be adopted and implemented at all stages. It's not always easy to manage the balancing act between sustainability and competitive prices.

**Niklas:** Which projects or events have been special for you? What are you particularly proud of?

**Ute:** As early as 2010, BP addressed the issue of sustainability in detail – at that time, this was the exception in our industry. Since then, we have been awarded the title “Fair Wear Leader” four times in succession, and we are very proud of this. At the time, we created a position specifically for the areas responsibility and sustainability. This means we can also genuinely include all company areas and production stages. We are succeeding in this, as demonstrated by the fact that our Tunisian subsidiary Vetra has been awarded the STeP certification by Oeko-Tex®.

# Make it your own.

## The BP customisation service for greater personality.

**Names, logos, lettering or simple motifs** – with BP, you can individualise your clothing.

**The advantage:** this highlights the sense of togetherness of the team and, of course, also the personality of the individual. Clothing can also be used to communicate a business's corporate design, be it a restaurant, bar, café, service provider or service company. A wide range of colours is available.

The options we offer, namely direct embroidery, embroidered emblem or transfer print, are always tailored to the specific product. All finishing materials used by BP are outstanding quality and suitable for **industrial laundering as per ISO 15797**.

### EMBROIDERED EMBLEM

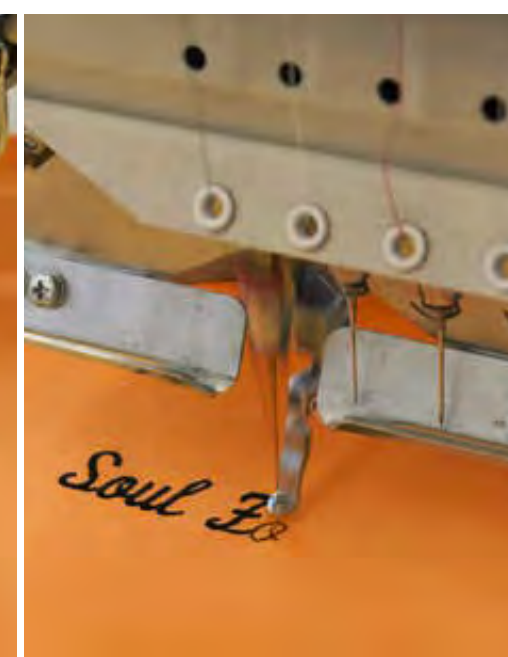

Your logo, company or personal name can be sewn onto the fabric.

### DIRECT EMBROIDERY

Very hard-wearing and particularly distinguished-looking. Our quality yarns are as indifferent to frequent washing as they are to the stresses of everyday wear. Lots of colours and font types are possible.

### TRANSFER PRINT

This is robust individualisation using a film transfer print for printing your logo, name or motif on almost any fabric. Here, too, we offer a large range of colours, sizes and forms.

# LOTS OF COLOURS FOR YOUR CREATIVITY.

**BP colours: variety for your creativity**  
The range of colours is as varied as your creativity. New colours that are evocative of spices and fruits bring a breath of fresh air to your concept and ensure an individual look. Not just for aprons and T-shirts, but also for jackets worn when working in outdoor eateries.

## > PRO label

The majority of BP products feature the PRO label. The PRO label indicates that the respective product meets the requirements of ISO 30023: it has been tested for suitability for industrial laundering in accordance with ISO 15797, namely with washing programmes (1-8), in the tunnel finisher and/or tumble dryer. However, the PRO label does not issue any specific care instructions. Practical washing tests must be carried out before industrial laundering of the product. For further details, please see the sewn-in label and the manufacturer's information.
